Retirement Contributions Tax Credit

Also known as the Saver’s Credit, an individual may be able to take a tax credit of up to $1,000 ($2,000 if filing jointly) for making eligible contributions to an employer-sponsored retirement plan.

Another option you may consider when planning for retirement is a voluntary 403(b) Savings Plan. Early withdrawals from a 403(b) account are subject to a 10% early withdrawal tax.

**Why Contribute**
- Avoid a gap in your income during retirement
- Take advantage of tax benefits
- Improve your financial well-being
- Automatic payroll deductions take stress out of planning
- Decrease your dependency on government-funded pension plans

**Investment Options**
Investments in the plan are managed by a provider of your choosing, and plan administration services are provided by TCG Administrators. Once you have established your plan, TCG can help with distributions, transfers, loans, and rollovers. Investment questions must always be directed to your individual plan provider.

A 401(a) plan is an employer-sponsored retirement plan that allows dollar or percentage-based contributions from the employer, the employee, or both. Harmony Public Schools has created this incentive match plan to help you help build your retirement savings by rewarding your “Steps” as an employee. The matched contributions are determined by a fixed formula.

Beginning February 1, 2021, all Exempt (salaried teachers, professionals and administrators) employees will receive a 100% match of deferrals to the 403(b) and/or 457(b) Plan up to a cap based on the Step you are currently on. You must be employed with HPS on the last day of the plan year (8/31) to receive each year’s contribution.

**What’s my Step?**

Steps represent previous years of education experience plus other factors. Your current salary is determined by your Step. Please refer to HR for clarification on your Step.

**Vesting**

You will vest in your account (the percentage of employer contributions you own) as you stay with Harmony PS longer. Vesting begins from your original hire date. Vesting starts at 0% the first 2 years, goes to 50% in year 3, 75% in year 4 and 100% at the end of 5 years of employment. You become immediately vested if you die, become disabled or retire under TRS with full benefits. Years of service are calculated the same way as with TRS.

**Enrollment**

Enrollment is automatic if you are contributing to the 403(b) or 457 Plan.

**Have questions?**

[www.tcgservices.com/harmonytx](http://www.tcgservices.com/harmonytx)
The Omnibus Budget Reconciliation Act of 1990 (OBRA 90) mandates that employees of public agencies, including school districts who are not members of the employer’s existing retirement system as of January 1, 1992, be covered under Social Security or a qualifying alternate plan. The 457(b) FICA Alternative Plan satisfies federal requirements and provides substantial cost savings compared to Social Security.

An employee is required to participate in the FICA Alternative Plan if they meet one of the eligibility requirements listed below.

- Part-time (20 hours or less per week)
- Seasonal (five months or less per year)
- Temporary (contract of two years or less in duration)
- Not covered by TRS in a position otherwise covered by TRS

Contributions & Enrollment

Social Security requires that the equivalent of 12.4% of an employee’s salary be contributed each month (6.2% employee, 6.2% employer). However, the FICA Alternative Plan requires only a 7.5% contribution to a retirement account. Enrollment in this plan is automatic. The deferrals are made on a “pre-tax” basis, unlike Social Security, which are made on an “after-tax” basis.

Visit www.region10rams.org for account access.

Investments

The FICA Alternative investment portfolio is selected by the employer and directly overseen by an Investment Advisory Committee. The portfolio is comprised of a broad range of stock and bond mutual funds, as well as individual bonds typically held to maturity. The portfolio is periodically adjusted to adapt to changing market conditions. You can view the investments as of the end of each calendar quarter and the asset performance data online.

Distributions

The employee or their beneficiary will receive the FICA Alternative Plan account balance when an employee becomes eligible for a distribution for any of the following reasons: Termination of Employment, Death, Permanent and Total Disability, Retirement, Changed employment status to a position covered by another retirement system (e.g., TRS).
The Teacher Retirement System of Texas (TRS) administers a pension trust fund that has been serving the needs of Texas public education employees for over 75 years.

How much do I qualify for at retirement with TRS?
See the following example of how to apply the TRS Formula.

John started working as a teacher for the school district in September of 1991 right out of college. He is ready to retire at the end of this school year (2021) so he has worked a total of 30 years. His highest 3 years of salary were $58,000, $60,000, and $62,000. John would like to know how much he qualifies for at retirement.

John can use the TRS Formula below to find this out:

\[
\text{Years of Service} \times \text{State Multiplier (2.3\%)} \times \text{Average 3-5 Highest Years of Income} = \text{Maximum Benefit}
\]

\[
30 \times 2.3\% \times 60,000 = 41,400
\]

Your turn!
Let's break up the TRS formula for your own individual situation!
Rollover Options

What are my rollover options if I leave my employer?
You have a few options to consider when it comes time to leave your employer. It all depends on where you are in your financial journey.

**Option 1: Leave money in previous employer’s plan (if permitted)**

**Benefits:** No immediate action is required. Earnings remain tax-deferred.

**Disadvantages:** Can no longer contribute through payroll contribution. It’s more complicated managing multiple plans from different employers.

**Option 2: Rollover your money to your new employer’s plan**

**Benefits:** The plan remains tax-deferred; you can continue to contribute; your plans are now consolidated.

**Disadvantages:** Requires paperwork and approvals; this process can be somewhat time-consuming.

**Option 3: Rollover your money into an IRA**

**Benefits:** The plan remains tax-deferred; you may have access to more investment providers and investment options.

**Disadvantages:** You cannot borrow money from these accounts.
